## ZENERGY

Introducing Zenergy, our newest line of putter grips featuring enhanced Spyne technology, new multi-zone texturing, and our patented no-taper shape for unmatched confidence to quiet your hands – and your mind.

Introducing Zenergy, SuperStroke's new line of putter grips featuring enhanced [SPYNE® Technology](#), new multi-zone texturing, and our patented no-taper shape for unmatched confidence to quiet your hands – and your mind. Features Include:

**Enhanced SPYNE® Technology** – The new [SPYNE® Technology](#) has an improved, embossed ridge along the underside of the grip, engineered to make it easier to square the face at impact.

**New Multi-Zone Texturing** – Strategically placed textured in high-sensory areas designed to optimize feedback and comfort from the incredibly soft polyurethane outer layer.

**No Taper Technology** – Our patented No Taper minimizes grip pressure with an advanced parallel design that enables golfers to quiet their hands and add consistency to their stroke.

**Tech-Port** – Located at the top of SuperStroke grips, Tech-Port allows golfers to easily add game-improvement options including the patented CounterCore weight system and performance tracking sensors.

## TOUR

Tour Series putter grips feature SuperStroke's traditional and most popular putter grip profile. The Tour Series parallel design has uniform lower hand profile to minimize grip pressure and maintain putter head path for a more consistent stroke.

**Enhanced SPYNE® Technology**

**New Multi-Zone Texturing**

**No Taper Technology**

**Tech-Port**

Please note: The Tour 1.0 putter grip does not come with a Tech-Port and cannot house a CounterCore Weight.

## CLAW

SuperStroke Claw® is designed to work with the many variations of the fast-growing, deadly accurate claw putting style. The Claw®'s unique design incorporates a pistol-style top section that helps lock in the upper hand, while its three flat sides increase surface area to accommodate different lower hand positions.

**Enhanced SPYNE® Technology**

**New Multi-Zone Texturing**

**No Taper Technology**

**Tech-Port**

Putter Grips

Sku No	Size	Colour	Core	Weight	Width	Length
082200	Claw 1.0	White/black	0.58"	51g	1.20"	10.50"

Sku No	Size	Colour	Core	Weight	Width	Length
082300	Claw 2.0	White/black	0.58"	63g	1.21"	10.50"

## PT

The SuperStroke PT series is today's twist on a classic design used by tour players for decades. A smaller overall profile features a pistol-style with a more pronounced arc under the top hand extending into the butt area of the grip.

**Enhanced SPYNE® Technology**

**New Multi-Zone Texturing**

**No Taper Technology**

Please note: The PT-Series putter grips does not come with a Tech-Port and cannot house a CounterCore Weight.

Sku No	Size	Colour	Core	Weight	Width	Length

083100	2.0PT	White/black	0.58"	76g	1.02"	10.60"

## **PISTOL LOCK**

Featuring an ergonomic pistol handle shape with a unique double bend in its upper section, the Pistol Lock is engineered for optimal hand alignment. This design promotes a secure grip, locking the hand in place to prevent unintended movement, enhancing precision with every putt.

**Enhanced SPYNE® Technology**

**New Multi-Zone Texturing**

**No Taper Technology**

**Tech-Port**

Sku No	Size	Colour	Core	Weight	Width	Length
084301	Pistol Lock 2.0	Black/white	0.58"	60g	1.23"	10.60"

## WRISTLOCK

At 13.75" long, the **WristLock** putter grip conforms with the Rules of Golf and is engineered to “lock” in the upper wrist to prevent any unwanted motion while leading to greater consistency in starting the ball on-line and overall distance control. Works for both right handed and left handed golfers as well as most putting styles such as traditional, left hand low, claw, etc.

**Enhanced SPYNE® Technology**

**New Multi-Zone Texturing**

**No Taper Technology**

**Tech-Port**

Sku No	Size	Colour	Core	Weight	Width	Length
083500	WristLock	White/black	0.58"	75g	1.23"	13.75"

## XL+PLUS

Our XL+Plus™ Series grips measure 13.75 inches, which is 3.25 inches longer than our standard length. The XL+Plus™ extra length makes them a great fit for golfers who use mid-length putters or want a little extra counter-balance.

**Enhanced SPYNE® Technology**

**New Multi-Zone Texturing**

**No Taper Technology**

**Tech-Port**

Putter Grips

Sku No	Size	Colour	Core	Weight	Width	Length

080800	XL Tour 3.0+	White/black	0.58"	100g	1.26"	13.75"

## TOUR 3.0 17"

The Tour 3.0 17" grip, which is 6.4 inches longer than the standard grip, provides golfers with unique benefits, including the ability to achieve an armlock setup by positioning the grip up the forearm. Additionally, the Tour 3.0 17" grip can serve as a counterbalance option, resulting in a more consistent stroke by shifting the weight above the hands and elevating the balance point of the putter.

**Enhanced SPYNE® Technology**

**New Multi-Zone Texturing**

**No Taper Technology**

Please note: The 17" putter grips does not come with a Tech-Port and cannot house a CounterCore Weight.

SKU No	Size	Colour	Core	Weight	Width	Length
083800	Tour 3.0 17"	White/black	0.58"	93g	1.23"	17.00"
083802	Tour 3.0 17"	White/red	0.58"	93g	1.23"	17.00"

## FLATSO 17"

The Flatso™ 17 is an extended version of our Flatso™ 3.0 putter grip that meets the needs of golfers who prefer mid-length putters. Its distinct pentagonal profile is also a smart choice for golfers who position the putter grip against their lead forearm, offering increased stability from its 17-inch length and wide-front design.

**Enhanced SPYNE® Technology**

**New Multi-Zone Texturing**

**No Taper Technology**

Please note: The 17" putter grips does not come with a Tech-Port and cannot house a CounterCore Weight.

SKU No	Size	Colour	Core	Weight	Width	Length
083800	Flatso 17"	White/black	0.58"	100g	1.28"	17.00"

## 1.0P 17"

Developed with direct feedback from Tour players, the Zenergy 1.0P 17" grip is an extended length offering with a unique shape characterized by a larger, flat front section and a tapered, slimmer back section. This design promotes consistent hand placement and grip pressure which contributes to improved putting performance.

**Enhanced SPYNE® Technology**

**New Multi-Zone Texturing**

**No Taper Technology**

Please note: The 17" putter grips does not come with a Tech-Port and cannot house a CounterCore Weight.

Sku No	Size	Colour	Core	Weight	Width	Length

## LEGACY MEETS INNOVATION

SuperStroke proudly acquired Lamkin, marking a new chapter in Golf Club Grips offerings. To celebrate Lamkin's 100 years of expertise, each grip in SuperStroke's new line is stamped with Lamkin 100, a badge that sets the standard for club grips. These grips combine SuperStroke's cutting-edge design with Lamkin's legendary engineering, creating a line that blends legacy with innovation to redefine the standard for club grips.

## MEET REVL

This isn't just a grip.

The new SuperStroke Revl grip line offers three distinct options – Element, Player and Comfort – designed to meet the needs of every golfer. Whether you prioritize control, durability or comfort, there's a REVL grip tailored for your game. By simplyfying our club grip line, we've created a clear path to purchase, making it easier for you to find the right grip.

Each model is crafted with SuperStroke's advanced Genesis material, ensuring a consistent level of softness, tackiness and long-lasting performance across the line.

The Ultra-Tac X-pattern texture is featured in all three grips, delivering reliable traction, stability and control. No matter which REVL grip you choose, you can trust that each one offers the same superior quality and technology, so you never have to compromise on performance.

Genesis+ material is an improved premium rubber compound that delivers a blend of durability, comfort and performance. It maintains its tacky feel over time, providing excellent grip in all weather conditions. The material resist wear, ensuring consistent performance and reliable control round after round.

Ultra-Tac features an "X" pattern that's specifically designed to increase surface contact, providing superior grip. The horizontal dashes within the "X" pattern deliver extra stability and control, offering a secure, confident grip in all conditions.

## REVL ELEMENT

Introducing REVL Element by SuperStroke - the first-of-its-kind hybrid grip engineered for golfers who demand control, comfort and performance in all conditions. The REVL Element combines two advanced rubber compounds to deliver a unique feel and performance.

The top hand of the grip features Ace Material blended with cord, offering a tacky, textured surface that ensures a firm, confident grip even in wet conditions. The Ace Material allows the cord to maintain a tacky feel, delivering superior control and all-weather performance. For the bottom hand, high-performance Genesis Material provides exceptional feel and responsiveness, offering a softer, more comfortable grip without sacrificing precision. With the REVL Element, golfers can experience the ultimate control, traction and feel in one grip.

- Hybrid Material - All-Weather Performance
- Low-Temperature Flexibility
- High Performance Feel - UV Resistance

## REVL PLAYER

Introducing the REVL Player by SuperStroke – the ultimate grip for golfers seeking consistency and long-lasting performance. Constructed with Genensis material, this all-rubber grip is built for durability, maintaining its superior feel and maximum playability.

The Ultra-Tac pattern, with its X-shaped texture, provides consistent grip pressure and control, helping golfers repeat their swing with confidence, regardless of conditions.

- All Weather Performance
- Moderate Surface Texture - Moderate Feedback
- Low Temperature Flexibility - UV Resistance

## REVL COMFORT

Introducing the REVL Comfort by SuperStroke – crafted for golfers seeking maximum comfort and reliable performance during play. Its innovative modern taper wrap design offers a larger lower hand profile, simulating four extra layers of tape to encourage even grip pressure. Blending Genesis material with a wrap design ensures exceptional durability while maintaining a soft touch. The Ultra-Tac pattern delivers excellent traction, promoting consistent hand placement and pressure for better accuracy shot after shot.

- Larger Lower Hand - Enhanced Tackiness
- Softer Feel - Low Temperature Flexibility
- Outstanding Oil Resistance
- UV Resistance

## CROSSLINE 2.0

Crossline 2.0 is an evolution of the iconic Lamkin Crossline that has been trusted by golfers for three decades. The Crossline 2.0 preserves the timeless, tour-proven performance and classic look of the original, now enhanced with innovative improvements from SuperStroke.

Constructed of Genesis material, this all-rubber grip is built for durability, maintaining its superior feel and maximum playability.

This grip also incorporates a modern taper with a larger lower hand profile that simulates four extra layers of tape to encourage even grip pressure.

- Larger Lower Hand - Highly Durable Material
- Excellent Torsion Control
- All Weather Performance - High Responsive Feel

## DEEP ETCHED

A longtime favorite on TOUR, the Deep Etched grip features a traditional pistol shape with a smaller profile for enhanced feedback and control. The Deep Etched line includes three offerings:

### Deep Etched

Has a prominent horizontal etched pattern for maximum responsiveness.

### Deep Etched Smooth

Offers a softer, streamlined texture for a more refined touch.

### Deep Etched Cord

Has a prominent horizontal etched pattern with added cord for extra traction in all conditions.
